

Walk to Bethlehem

Are you ready to walk from Monroe to Bethlehem? Mary made the journey to Bethlehem on the back of a donkey while in labor with Jesus (not from CT). Our journey may be 5,622 miles but it will not be as harrowing as hers. We are a few weeks behind but I am confident this will not make us late. Let's walk into the Christmas season to both spiritual and physical health!

This will be the same process as the Walk to Jerusalem. We will take this imaginary walk to Bethlehem by logging our steps either online via our website or on a tracking form on a weekly basis. Our steps will be converted to miles and tracked on a map in Fellowship Hall to show our progress.

Our walk begins on Sunday October 2 -- devotionals and pedometers will be available at church that day. Everyone is welcome to take this walk ... no one is left behind!
