

The Book of Habakkuk

Thursday, September 27, 2018

Time: 10:00 am - 11:30 am ~ Location: Meeting Room 2

We're kicking off the fall with a bible study on the *Book of Habakkuk*, in the Old Testament. This book deals with questions that come up when someone really believes in God, yet the world around them doesn't seem to match up with how God wants it to be.

Those planning to attend should read Chapters 1 and 2 in preparation for our first study, if possible. Please remember to bring your bible and something to take notes on. You can also start to think about our opening discussion question, "Describe a time when, like Habakkuk, you were awed by God's Creation, and do you feel like your relationship with God changed through this experience?"

Please join us ... and feel free to invite a friend! Look forward to seeing you there! For questions, please contact Janet Morris.
